CLOUD SERVICES AGREEMENT — VERSION 1

SYNTHETIC / FICTIONAL CONTRACT FOR SOFTWARE TESTING

Version: VERSION 1
Effective date: 1 October 2026
Parties: Northstar Analytics Ltd. (Provider) and Cedar Retail Group Inc. (Customer)

Purpose and Interpretation

This fictional agreement is created solely to test document ingestion, clause extraction, version comparison, requirement evaluation, approval history, and audit logging in the ClauseTrace software project. It is not legal advice or a real agreement.

0. Definitions

“Agreement” means this Cloud Services Agreement. “Customer Data” means data submitted to or generated for Customer through the Services. “Provider” and “Customer” mean the parties identified above.

1. Services and Availability

Provider will make the hosted cloud service available to Customer with a monthly uptime target of 99.5%, excluding scheduled maintenance and events outside Provider's reasonable control. Provider will publish planned maintenance notices at least 48 hours in advance where practicable.

2. Security Incident Notification

Provider will notify Customer in writing of a confirmed security incident affecting Customer Data without undue delay and no later than 48 hours after confirmation. The notice will summarize the known impact, containment actions, and planned remediation, to the extent known at the time.

3. Customer Data Export and Deletion

Within 30 calendar days after expiration or termination of this Agreement, Provider will make Customer Data available for export in a commonly used, machine-readable format. After the export period, Provider will delete remaining Customer Data from active systems, except where retention is required by applicable law.

4. Termination for Convenience

Either party may terminate this Agreement for convenience by giving the other party at least 30 calendar days' prior written notice. Termination for convenience does not waive fees accrued before the effective termination date.

5. Confidentiality

Each party will protect the other party's Confidential Information using reasonable care and will use it only to perform or exercise rights under this Agreement. These obligations survive termination for three years, except for trade secrets, which remain protected for as long as they qualify as trade secrets under applicable law.

6. Subprocessors

Provider will give Customer at least 15 calendar days' advance written notice before adding a new subprocessor that will materially process Customer Data. Customer may raise a reasonable, documented objection during that notice period.

7. Governing Law

This Agreement is governed by the laws of the State of California, excluding its conflict-of-law rules. The parties submit to the state and federal courts located in Santa Clara County, California.

END OF AGREEMENT

This document is fictional and intentionally contains standardized clauses. The termination-notice period is the controlled difference between the two test versions.
